Peru
Banquet(James Bond 007)

More PICS....134-144

This was such an important year in your life
During this year you started on a path towards a career
You made friends that will last a lifetime
It is also possible that you met that special somebody...
the one you will spend your life with!
Years from now, as you sit to reminisce and
look through these pages, you will laugh about
expired hairdo's and outrageous fashions
You will cherish memories of SALSU socials,
pulling all nighters and Indian Food Mondays at the cafe.
However, one thing we hope is the most important memory is this:

What matters to God matters most

We hope that you had an amazing time in your spiritual journey
We hope that during your year you had time to eplore,
discover and deepen your spirituality. We hope your year at LSU
has thought you how to live a life of service,
life in community and a life of worship.

We were together for one year because of what matters most:
the life and teachings of an amazing man.
He was a revolutionary, anti-establishment peasant leader
who turned the world on its side
We believe He is the the Messiah who came to demonstrate
and teach an amazing way to live.
So, our service, life in community and worship was done
in the context of everything we know about this man

We pray that God has blessed your studies,
work and relationships during your year at LSU.
More importantly we pray that your time
at LSU has revealed what
matters most; A life devoted to
Jesus the Christ the Son of living God

Grace and Peace
